* A corporation having a net operating loss (NOL) carryover from any taxable year must apply the special rule of §170(d)(2)(B). The rules are designed to prevent a double tax benefit through interaction of NOL and charitable contribution carryovers. The excess charitable deduction can reduce taxable income only once. Under these rules, a corporation's charitable contributions carryover (but not the NOL carryover) must be reduced, to the extent the charitable contribution deduction, in computing the taxable income of an intervening year, would increase the NOL to a succeeding year.
